

## NanoMicroClub Networking Event

23<sup>rd</sup> February, 2010

NH Carlton Amsterdam Hotel, Amsterdam, Netherlands

Organized by: The Institute of Nanotechnology (IoN)

Partner: NanoHouse

### PROGRAMME - 'Transforming Nanotechnologies into Marketable Products'

- 13.00-13.05 **Del Stark**, Business Development Manager, IoN and NanoMicroClub Facilitator  
*Welcome & Introduction – "What can the IoN and the NanoMicroClub do for You?"*
- 13.05-13.15 **Soundbites**
- 13.15-13.30 **Tatiana Lopez**, Managing Director, Nanogap  
*"Novel conductive and antimicrobial additive systems for coatings"*
- 13.35-13.50 **Daniel Lynch**, Technical Director, Exilica Limited  
*" $\mu$ -Sq beads – small things can change the world"*
- 13.55-14:10 **Adriano La Vopa**, Technology Manager, Liquidmetal SAGA Italy  
*"Amorphous metallic alloys, a new family of materials for better performances"*
- 14:15 – 14:30 **Ferdy Bremmer**, NovioNano BV  
*"Risk assessment in the product development phase: used best for fireworks – not firefighting!"*
- 14.30-15.00 REFRESHMENTS
- 15.00-15.15 **Bart van den Berg**, Project Leader, NanoHouse  
*"The application of nanotechnology: practical insights"*
- 15.20 -15.35 **Jens Greiser**, Product Marketing Manager in Life Sciences, FEI  
*"The Role of Electron Microscopy in Translational Molecular Medicine: Past, Present & Future"*
- 15.40-15.55 **Marcel Ardon**, Anaspec Solutions  
*"Particle size and zetapotential in the nanorange"*
- 16.00-16.15 **Henk Goossens**, Marketing Manager Aerasense, Philips Research Europe  
*"Philips Aerasense, Easy monitoring of nano particle exposure for health and safety of workers"*
- 16:20 – 16:30 **Del Stark**, Business Development Manager, IoN and NanoMicroClub Facilitator  
*"Feedback from reflection" and closing remarks*
